CME ON SOFT TISSUE PATHOLOGY

BOOK POST

18 January, 2019

Venue: St. John's Medical College,
Bangalore

Organised by:
Department of Pathology,
St. John's Medical College,
Bangalore- 560034.

The Department of Pathology, St. John's Medical College, Bangalore is pleased to organise a one day CME on Soft Tissue Pathology, on 18 January, 2019.

The diagnosis of soft tissue tumours can be challenging even for experienced pathologists. Advances in immunohistochemistry and molecular genetics have revolutionized our understanding of these lesions and also have an impact on diagnosis and management. We are delighted to announce that experts in this field such as **Dr. Sara Edward**, Consultant Soft tissue and Dermatopathologist, St. James Institute of Oncology, Leeds, **Dr. Rajendra Singh**, Associate Professor, Mt. Sinai School of Medicine, New York and **Dr. Rekha V Kumar**, Professor of Pathology, Kidwai Memorial Institute of Oncology, Bangalore will be faculty at this CME. This CME will provide an opportunity for practicing pathologists as well as post graduates to enhance their skills in diagnosing soft tissue tumours with an emphasis on recent advances. The program includes didactic lectures, slide seminars, and interesting case discussions by invited and in-house faculty. A quiz on soft tissue tumours for post graduates is an added feature. There will also be an opportunity for post-graduates to present posters at this CME.

It is our pleasure and privilege to invite you to attend this academic feast and look forward to your active participation.

Registration Fee Details

Categories	Upto and including 31Dec 2018	From 1 January 2019 & Spot
PGs*	1200	1500
